## Rabies Control To Be Enforced

At the regular meeting of the town council held Monday night the rabies control bylaw was discussed. It was decided that if dog owners did not have their dogs up the town would be asked to pass a bylaw to destroy any dogs running at large.

A bylaw was passed to the effect that those who have water and sewer service available to their property but not connected will be assessed \$1.50 per month, effective July 1, 1953. Those using the sewer line and water will be charged the minimum water and sewer rate each month. All households on water and sewer line not using same will be charged the sum of \$1.50 to have privies cleaned.

Town mill rate will be set at the next meeting of council.

Plans have been made to proceed with the construction of the Butte.

Trees on boulevards in the town will be trimmed this year.

A driving permit was issued to Mr. S. A. Baptist.

### In The Legislature

By H. G. Hammell, M.L.A.

Friday, April 2, saw the end of the current session and as this will be the last news letter, I wish to take this opportunity of thanking the newspapers in the Didsbury constituency for their courtesy in publishing these reports. I have found it very difficult to report local news in detail, but believe this has been the most important session during the nine years I have been a member.

Briefly to summarize a few of the important events have been:

1. The budget, has rightly been called "Share the Wealth Budget", after 40 per cent of total expenditure will be in the form of grants and loans to Municipalities and schools, together with substantial amounts to health and welfare.

2. Highways, both main and district, will see the largest amounts of new money, and expect to have the totals of municipal grants for the Didsbury constituency this week but as these are not yet available, I can assure you that they will be considerably increased.

3. Liquor act — this was the most controversial Act of all and saw the new Act much as it was, with only new changes for easier administration.

4. Rural electrification, a new policy is adopted whereby a member of a Rural Electrification Association can obtain power by paying \$150 cash and a loan of the balance over a period of ten years at 3% per cent.

If any further information is required I shall be glad to meet any of my people at a future date, as it would be impossible to list all the legislation in the 128 bills passed in this weekly letter.

Thanking those who wrote to me during this session for their suggestions and help.

### LUDICROUS LANGUAGE

"Mother," said John, "is it correct to say 'water the horse' when he's thirsty?"

"Yes, quite correct," was her reply.

Johnny, picking up a saucer . . .

". . . then I'm going to milk the cat."

### DOMESTIC PRICE

At the present time wheat for consumption in Canada is sold at the same price level as sales prevailing under the International Wheat Agreement. A delegation from the farmers' association has asked the federal cabinet to establish a domestic price based on internal economic conditions and not on the International Wheat Agreement level. The delegation said that prairie farmers have subsidized Canadian consumers to the amount of \$36,233,423 in the last two crop years.

CANADA AND BRITAIN

Apparently most of the Canadian  
M.P.'s who met Mr. Butler during  
his recent visit had a personal  
view of what they wanted the United  
Kingdom to bring. Let's go easy on  
this political trading, warns the  
Financial Post.

The temporary advantage of per-  
suading Britain to buy a little more  
of this, or a little more of that, may  
be very important to an M.P.  
seeking re-election in the riding  
which produces the goods.

But something more than any-  
body's re-election is at stake.

The long view must take precedence  
over temporary or trading ad-  
vantage. The Canadian interest in  
all this complicated business is to  
get the sterling Commonwealth  
and Western Europe back into the  
wider orbit of world trade — to  
prove that the re-junction of Empire  
preferences was a wise move; to  
show that the two sides of the  
Atlantic can combine in mutually  
profitable trade; and that it will  
be better for all parties to aban-  
don discriminatory restrictions and  
stand up on their own merits.

RELIGION IN UNIVERSITIES

Many people agree with the Uni-  
versity of Toronto's president, Sid-  
ney Smith, that universities offer  
too little religious teaching.

But while a greater emphasis on  
spiritual values is to be welcomed,  
it is widely agreed, some doubt  
is expressed — particularly by  
university officials — that there is any  
practical way of increasing reli-  
gious teaching without offending  
denominational sensitivities among  
the Christian community and the  
sensibilities of others.

One responsible fear is "a new round  
of ill feeling, bickering and criti-  
cism if religious teaching is extend-  
ed in institutions supported by  
public funds."

Art Exhibit To Be Held  
Here Saturday, April 11

A special treat is in store for all  
art lovers of Didsbury and district  
when, on Saturday, April 11, the  
Redeemer Walther League will have  
a display in the basement of the  
Lutheran Church of some paint-  
ings. These paintings are made  
available by the Alberta Visual Arts  
Board. The display will be open  
from 1:30 to 9 p.m. There will be  
no admission charge.

Among the exhibits will be  
"Autumn Scene" by Winona Young  
Brown, Calgary. This canvas  
depicts a scene in Banff, near  
the Bow River, west of  
Banff, looking down towards the  
boat house, Sulphur Mountain and  
Spray Valley.

"Hughie" by Lindsay A. Evans,  
Lloydminster, is a portrait which  
has hung on display in the Na-  
tional Portrait Gallery in London  
for six months and was ex-  
hibited at Haywood Heath and  
Brighton. Mr. Evans is 60 years old.

A younger exhibitor is Blaine  
Harding, Taber, who is only 18 years  
old. His only training has been in  
high school art classes. He won the  
Poole Scholarship for Arts and  
Crafts with his "Calm Mountain  
Lake."

Majorie E. Marshall, Edmonton,  
takes us to Mexico with "Meeting  
Place, Taxco, Mexico." This scene  
portrays Taxco, a silver-mining  
town built on a mountain. One  
sees the people come to the foun-  
tains for their water. The clothing  
is typical of Mexico, rugged  
and simple. Town life. Using a root  
of driftwood as a jewel, Jewel Beck-  
er, Toledi, brings "Cleopatra." She  
uses her high-powered imagination  
on this subject.

Using only the palette knife,  
Frank St. John, Edmonton, created  
"Spring Colors." The painter  
showing a scene about five or six  
miles west of Edmonton in the mus-  
keg just off the Jasper highway.  
Many layers of color and the use  
of wax help to give a rich, dark  
color and texture to "Canyon," by  
Marie A. Fox, Red Deer. It shows  
us a landscape.

During the hours of the display,  
the Redeemer Walther League will  
serve tea and coffee at a coffee bar  
for men at nominal prices. If you  
enjoy viewing paintings, make use  
of this opportunity to see paintings  
valued from \$20 to \$169, and many  
valued much higher but no price  
given.

A number of local artists will also  
exhibit paintings, amongst them  
Mrs. Joyce Muller and Mrs. Clar-  
ence Rinehart.

## TRUTH IMMORTAL

Truth is a thing immortal and  
perpetual, and it gives to us a  
beauty that fades not away in time,  
nor does it take away from that  
freedom of speech which proceeds  
from justice but it gives to us the  
knowledge of what is just and law-  
ful.

## Oil is a Gamble too!

Farmers and oilmen have a lot in common. A farmer sows a crop, but what he harvests is up to nature.

By the same token, there are many hazards peculiar to the oil business. In spite of scientific improvements and techniques applied to the business of searching for oil, the only way to determine the presence of oil is by drilling. And drilling a wildcat well is one of the most risky ventures in modern industry. Pushing a hole thousands of feet into the earth has cost as much as a million and a half dollars—yet more often than not wildcat wells turn out dry. Since 1944, for example, the odds against a wildcat well finding a new oil field have been 21 to 1 in Western Canada.

Because oilmen took the gamble—and are still taking it—everybody benefits. Across Western Canada, oil discoveries have brought increased government revenues, pay-  
ments to farmers for surface use, new employment, and the lowest petroleum product  
prices in the country.

## MORE QUESTIONS AND ANSWERS

Q: Why have you discontinued the free delivery service in town?

A: Well, free delivery is a very false and misleading statement. It costs money to have men with a truck make deliveries. It costs money to store your商品. Finally the cost was figured into the selling price of the merchandise purchased. That is the general practice on so-called "free delivery."

What we have done is price our merchandise at the lowest possible selling price on cash and carry, including no service charges. The 15¢ delivery charge is not meant to represent a charge to the store. It is paid to Howard Foot, our delivery man, for delivering each order. The 15¢ paid to Mr. Foot, we believe, is very reasonable. Two deliveries to your home or less than two deliveries to your residence, the delivery charge can be made on the difference in our prices very quickly. The purchase of 1 lb. of coffee and 2 lbs. of lard is a saving of more than the delivery charge alone. Same applies throughout Canada and the United States.

We believe our delivery policy most fair. Those who use the service pay for it. Those who do not use it do not pay for it.

Q: Why are you always introducing us to new ideas and new systems?

A: That's a good question. I guess no one likes changes at first. Everyone is into the habit of doing things the same old way. It's a bit troublesome at the start. If you are a farmer you try to improve your farm operations according to all the newest information available — you try to get the best equipment. You now accomplish more in a day than ever before, thanks to information and equipment.

Well, we are trying to do the same. Our system of self-service, cash and carry is not an original idea. It is a system that has been tried and proven. It is to the food business the recommended method of best operation for the customer and the merchant throughout Canada and the United States.

JAMES CURRIE, Editor and Publisher

Through The  
Study Window

Rev. C. C. Armstrong

Anyone in the neighborhood of the school who had looked through the window the other day might have seen a Pilgrim flying a kite. It was a tailless kite, and evidently a Mohammedian one, and not Christian, for it was a direct spiritual descendant of the Whirling Dervishes. It dipped and dived and looked alive, but did not go straight up as a properly behaved kite should.

Canadian parents should be doing far more on their own research instead of relying on industry in the United States and Britain, says The Financial Post.

Due to our very much smaller production and home market, it would hardly be possible for Canadian industry to conduct all its own research, even if they were dead. In many cases the cost would be prohibitive. But we can learn dangerously far in the other direction.

For obvious reasons Canadian needs and tastes are identical with those of American or British consumers and it should be good business as well as good Canadian manners to offer those special requirements. Only in a very few fields are we turning out a product that is distinctively Canadian. There must be improvement here or we will find ourselves a mere imitation of another nation.

It is a popular game about through a project attempted in connection with boys' work and the kite itself was built according to specifications in the Trail Rangers Manual, which concluded with the words: "Don't let anybody induce you to put a tail on the kite. That is the mark of someone who is a good turner." But any pride I had in my handiwork has taken a nose dive. However I am sure that it is simply a matter of adjusting the balance before it will fly — and without a tail. At least that's what I keep telling myself.

Boys and girls, with boys, or girls, one attempts many things. Often this seems unsuccessful, a failure, and yet again with the satisfaction of success, and always with the rich rewards of experience. And here I would like to interest you in the possibilities for leadership with boys and girls, at our presbytery camp this July.

These camps are at Kasota Beach on Sylvan Lake, and at Meridian Beach on Gull Lake, near Bentley and west of Lacombe. We need leaders for these camps. One need not fly a kite, but if you can tell a tail from a kite you have led a group or taught Sunday School; if you are a trained nurse or a proficient swimmer, and if you have Christian conviction to use your talent to the fullest, here is your opportunity.

Why not plan your holidays to include a session at the lake, and if you are a good turner, and yourself, you might know someone else who could. In any event, please bear this in mind. For further particulars, consult with me or write to Mrs. L. H. Taylor, 4524 Waskasoo Crescent, Red Deer.

## More British Money

British intention to put more money into Canadian industrial and natural resources development is becoming on the harder shape of reality.

From London comes the announcement that release of dollars for investment in Canada had, in the first two and a half months of this year, reached an annual rate more than twice that of the 1952 \$50 million annual total. \$49 million had been released to date for investment in Canada as compared with only \$19.6 million for investment in other non-sterling countries.

And from Montreal — a prelude to other possible substantial deals in the electrical and construction industries in particular — comes announcement of two sizeable new deals involving important British interests:

1. Purchase of British Insulated Cables Ltd., of the major part of the business of Phillips Electrical Works, Brockville — a deal to involve \$12 millions.

2. Move into the investment field

gophers, set out your poison right

Is it much easier to kill a pair of gophers than to feed them and their family on your grain and pasture fields all summer. Poison them shoot them, trap them, snare them drown them. Whichever means of extermination you choose is fine, but get at it now.

here by the Rothschilds and other important U.K. investment houses.

These followed completion of the huge exploration and development program lined up for Newfoundland by a Rothschild-backed syndicate involving an initial \$12.5 million.

There were also reports of serious U.K. interest in other natural resources programs; a large U.K.

mine financing company was reported ready to put sizeable sums into New Brunswick base metals development.

British trade commissioners in Canada report that they are overwhelmed by U.K. visitors looking at the Canadian market and investment possibilities, call it a marked and encouraging development.

## Heading three great new lines of Chevrolets for '53

Now, in the Bel Air series, Chevrolet creates for you a new class of Canadian cars. Here is distinction of appearance and fineness of appointments far beyond anything in Chevrolet's field. Here is your opportunity to own a truly distinguished and luxurious car without paying the price premium formerly associated with such high quality.

The Bel Air series includes four models — 2-door and 4-door sedans, sport coupe and convertible. Each of them is in a class by itself for beauty, comfort and luxurious appointments. Twelve other beautiful new Chevrolet models are included in the "Two-Ten" and "One-Fifty" series, providing a new Chevrolet for every buyer and every need. All of these new Chevrolets are as advanced

in performance as in appearance. All give you new high compression power, greater gasoline mileage, more comfort, safety and durability. A revolutionary new Powerglide® automatic transmission, and GM Power Steering, are among the great advances Chevrolet offers you. Come in and see all the new features that make Chevrolet for '53 entirely new through and through!

Startlingly NEW... wonderfully different!

## DISTRICT NEWS

### M.V.B.C. NEWS

[From Our Own Correspondent]

The Didsbury Choral Society has received many fine compliments on its rendition of the favorite Easter Cantata. The Crookstoners, by Staines, on Thursday evening, they appeared in Crossfield giving a splendid audience who gave liberally to the European Relief program which the society is sponsoring. On Friday evening the Tabernacle was filled almost to capacity as people from the town and community came to listen. Mr. MacEachardson, who has given so much of his time to this choir, is to be congratulated on the splendid performance of the singers.

The College A Capella Choir toured this past weekend giving concerts in Crossfield and Galahad. They left early Saturday morning. The young people are enthused about their choir and the lovely numbers they have learned to sing.

Good Friday was a holiday at the College. Most of the students attended the service in the United Church in the morning. In the afternoon quite a number were busy engaged in cleaning up the lawns of the grounds.

Rev. J. J. Macconochie, pastor on the Gimlet and Alrada farms, was a guest in the College for a couple of days this past week. He is present in helping with the building of the new church in Parkdale. Mr. Macconochie is a graduate of the College.

One of the highlights of the College is the Junior-Senior banquet each year. Last Monday evening the students put on a splendid program along with a splendid banquet for those who had been away on Senior Sneak over the weekend. The tables in the dining room were set in the form of two crosses. A huge "world" holding an open Bible, surrounded by candle and ferns formed a center.

The room was decorated with Dogwood, the class flower. During the course of the meal musical numbers were presented. Rev. Norman Oke, who had been holding meetings in Red Deer, was the guest speaker. He presented a moving and inspiring message to the graduating class. Mr. Oke is a brother of Mr. Harold Oke of this town. The evening will not soon be forgotten.

Another time of fellowship and social activity was given by the seniors of the College on Saturday morning when they held their annual senior breakfast. What a busy evening before this event. But when all of the faculty and students entered the dining hall Good Friday morning it was worth all the effort. The tables were set in one large cross this year. The students cooked the breakfast and served their guests. Mr. Chris Andersen, the only young man in this year's class, gave a resume of the Senior Sneak, which proved quite interesting to all present. President Taylor gave the message of the morning and spoke on the importance of the Senior year. "Senioritis was not Ashamed." It was a challenge to these young people indeed. The class pins were presented by the president of the College, and Miss Eby, registrar, assisted in pinning them on each member as the names were called. This function was held on the night of the Senior year. The senior class presented the college with a beautiful floor lamp for the lounge.

Remember Thursday evening — the speech department of the College will present their play and special recital numbers for your benefit in the United Missionary Church at 8 p.m. You won't want to miss this.

### FALLEN TIMBER

[From Our Own Correspondent]

Mr. and Mrs. Bill Moncey and family were supper guests at the home of Mr. and Mrs. Joe McGaffigan recently.

The Fyten mill crew held their annual break-up dance at Bergen March 27. The music was supplied by the Boesch orchestra and everyone reports a high old time.

Mr. and Mrs. V. Johnson of Didsbury had visitors at the home of Mr. and Mrs. MacEachardson and Mr. and Mrs. H. Johnson.

Mr. Barry McMullen was a visitor at the Wannamaker home recently. Mr. and Mrs. Frank Hiebert and children have moved into the district.

Mr. Joe Teynor is saw milling for Mr. B. Dick.

We are very pleased to see that new planks have been placed on the bridge at Whittles.

Mr. and Mrs. B. Graham visited at the home of Mr. and Mrs. Glenn Cooper recently.

Rumor has it that Mr. B. Dick is going to use his small engine to pump the school well out and it certainly needs it.

We are sorry to hear that Mrs. W. Fyten's sister, Donna Gochee of Sudiro, is on the sick list. We all wish her a speedy and complete recovery.

The party held at the home of Mr. and Mrs. L. Wannamaker netted \$1.50 for the Busy Bees. Mrs. Howton was the lucky draw.

The April meeting of the Busy Bees was held at the home of Mr. and Mrs. Dick with members and one visitor present. The roll was answered with a 25c donation to the Red Cross. After the business meeting Mrs. Johnson served lunch. Mrs. Cooper won the 10c draw.

Mrs. Dick and Mrs. Joe Teynor are looking forward to the Fallen Timber school Friday night. Programs will go to the local Busy Bees. Everyone come and bring your friends.

Six carloads of people from the district held a surprise party on Thursday night at the home of Mr. and Mrs. George Admussen to celebrate three birthdays. Mrs. G. Admussen, whose birthday was April 2, Mrs. Cleo Cooper, April 1 and Mr. Glenn Cooper, April 3.

Guests at the home of Mr. and Mrs. Sid Wright recently were Mr. and Mrs. Joe Teynor and family, Mr. and Mrs. Sorenson, Mr. Ed Bersch and sons, Mr. Billy Smith and Mrs. Dean Stair and Mr. and Mrs. George Griffin. The evening was spent in a jam session of music, dancing and fun. A very delightful lunch brought the evening to a close.

### BANCROFT BUTTERCUPS HOLD ROYAL MEETING

The Bancroft Buttercups Girls' Club held their monthly meeting at the Marsh home on March 29. The meeting opened by singing "Give Yourself A Pat On The Back" and repeating the club creed.

Recreation for the seniors was a finished place card and for the juniors a public speaking title. Objective for the seniors was a finished Easter basket and for the juniors some pictures of birds and butterflies.

Club tests were received, and the constituency convener, Mrs. Fisher, visited the meeting.

The tea prize was won by Betty Neumiller. The seniors' contest was won by Viola Schmick and Betty Neumiller and the juniors' contest by Audrey Swanson.

A demonstration on hemstitching on the machine was shown by the supervisor, Mrs. A. Marsh.

## Be Proud Of Your Business

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel—proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.
